Enforex Commitment

Learning Spanish and getting deep into Spanish culture mixed with Spanish students is a fascinating path for individual growth. Through more than 27 years, we have learned much more: sharing in 32 nationalities, understanding the meaning of respect and mutual enrichment regardless any difference of race, age, country of origin. We are proud about Enforex campers. And we are incredibly thankful about witnessing every year the birth of friendship relationships that will last beyond the Camp experience.

EXPERIENCE
For the past 27 years, Enforex has offered residential, Day Camp and Home Stay programs for children and teenagers during the summer.

Our staff members have an average 8 years experience working at our camps and are trained at our own camp Councilor School. In fact, a number of alumni have become our staff over the last few years.

SUPERVISION & 24 HOUR CARE
Our top priority is the campers’ safety and well-being. Our staff oversees that each camper has a balanced diet or one adapted to their needs, that they follow a optimal sleep cycles and are attended immediately should their health require it.

MULTINATIONAL ENVIRONMENT (60% Spaniards)
Our campers come from more than 32 countries, which creates a uniquely diverse environment for developing linguistic and interpersonal skills. By bringing together students from all over the world, these courses allow international youth to make Spanish friends their age, acquire a profound understanding of the Spanish way of life and increase their awareness of a variety of world cultures.

CAMP ADVISORS & PERSONALIZATION
Our team of specialist advisors will recommend the camp or destination that best suits the characteristics of the person or his academic and recreational needs. In the same way, they will recommend a personalized itinerary of activities and trips so that the students will get the most out of his experience at our camps.

EXPERIENCED STAFF & OWN METHODOLOGY
Our staff is made up of native Spaniards, 90% of whom speak English and other languages. The vast majority returns year after year, all united by the same goal: to make your child’s summer the most enjoyable possible! We want to help campers to develop their spoken and listening skills. We follow the European Framework for languages in terms of the skills we will be teaching, but these will be developed in a more natural setting by exploring how we use the language in practical situations.

ACTIVITIES & EXCURSIONS
Camp activities done in multicultural groups instill the values of teamwork and individual responsibility while participants enjoy and have fun besides maximize social relationships and friendship between students.

On the other hand, we know that learning takes place both inside and outside the classroom, which is why our camps include excursions to immerse the campers in the Spanish way of life and feeling like locals.

FAMILY PROGRAM

Our summer Spanish and English language courses are organized into 20/25 lessons per week, with 4 to 5 lessons every day, Monday through Friday (except at the Marbella Albergue Summer Camp, where students receive 25 lessons per week). Each class has the duration of 45 minutes and we set a maximum of 14 students per class in order to ensure individualized attention. The carefully designed curriculum emphasizes conversation and communication, so that students may take full advantage of their surroundings and apply what they’re learning by speaking with friends during the rest of the day. The morning class hours are the only time when Spanish and international students are separated; they rejoin in the afternoon and at night for a variety of activities. The syllabi are 100% compatible with the U.S. credit system.
Learning a language has never been so much fun!

Our Spanish Teachers
The success of all learning efforts depends on a teaching team trained and equipped to motivate their students. Therefore we’ve carefully selected a highly qualified and energetic faculty for our camps. The Spanish teachers are all natives with at least 5-year university degrees in Spanish Linguistics and Teaching Spanish as a Foreign Language. Most of them have a Masters and/or Doctorate in Spanish and all hold the CAP (Certificate of Teaching Ability). Our summer camp faculty is experienced in teaching young people of various ages and implements a wide array of techniques and activities that speak to every age group and learning type.

6 Levels
Every student takes a placement test on the first day of classes in order to determine their language level. They are consequently placed into one of 6 levels, from very beginner to proficiency.

Methodology
The language curriculum is designed keeping in mind at all times that we are a Summer Camp. In other words, classes are conceived to be sufficiently interesting and entertaining to motivate students to the fullest, but we simultaneously optimize class time by encouraging conversation and discussion in a serious and professional manner. Our aim is for students to enjoy themselves while learning as much as possible in a short period of time. The methodology is centered on a communicative approach, utilizing diverse techniques to cover the fundamentals of language learning: grammar, speaking, listening, vocabulary, pronunciation, writing & intercultural competence.

Teaching Materials
Our teaching materials are designed for each age group and subdivided into varying levels of linguistic competence. The kit, comprised principally of a text and workbook corresponding appropriately to each class, is issued to the student on the first day of the course. Other multimedia audio-visual tools are also employed to present lessons and take full advantage of our modern facilities.

Certificate
Each student will receive a certificate detailing accomplishments realized during his/her stay on the last day of the session.
24 HOUR SUPERVISION

**Staff & student care**

Our staff is made up of native Spaniards, 90% of whom speak English and other languages. The vast majority return year after year, all united by the same goal: to make your child’s summer the most enjoyable possible!

### Camp Staff

Enforex carefully selects our camp coordinators, directors and “monitores” (Spanish for “counselor” or “coach”) based on their experience, expertise and, above all, dedication to the students. Our staff is made up of native Spaniards, 90% of whom speak English and other languages. The vast majority return year after year, all united by the same goal: to make your child’s summer the most enjoyable possible!

### Camp Director

Besides the executive directors of Enforex, the Camp Director at each site holds the highest level of responsibility. He/she works very closely with the coordinators and counselors to make sure the camp runs smoothly and attends to the needs of every member of the school.

### Counselor Coordinators

One Coordinator is assigned to each of 3 categories: Kids, Junior and Senior, thus creating different campuses within the same facility. The Coordinator works closely with the counselors/coaches to develop and supervise camp activities, as well as monitor student participation to ensure that each camper makes the most of their summer.

### Counselors

One counselor is assigned to each group of 8-12 campers at every summer camp. They spend 24 hours/day with their group, act as mentors and tutors and take care of any needs or concerns the students may have. At the Granada Junior Program, there will be 1 tutor for every 12-15 students. These tutors are available 24 hours a day and accompany students on all extracurricular activities. The counselor team is made up of qualified bilingual or Spanish tutors.

### The rest of our staff

Includes our logistics team and language professors.

---

**OUR STAFF**

Enforex carefully selects our camp coordinators, directors and counselors based on their experience, expertise and, above all, dedication to the students. Throughout the year, the camp coordination team is dedicated to adequately training the counselors for the summer. They are shown the camp’s philosophy and the dedication necessary to be a staff member at our camps. In fact, some campers have even ended up becoming camp counselors at this school.
Choose your program

Residential stay

The residential stay embodies the essence of our summer language camp philosophy: by living and being mixed with 100% Spanish & international students, studying, playing and practicing languages together 24 hours a day in a totally multicultural environment, campers will learn interpersonal and linguistic skills to last a lifetime. When they choose our ‘star’ program, Spanish and international campers are only separated during the morning language classes. They’ll experience everything else together, from morning wake-up to sports, cultural workshops, recreational activities, excursions, meals and much more. It’s the perfect recipe for making life-long friends from all over the world! Please note that the dormitory capacity of each center differs, and that the Seville residence holds international students only.

Availability: All Summer Camps & Junior Programs.
Day Camp Program
Will your whole family be in Spain for the summer? If so, this may be the summer program for you! The Day Camp option is designed so campers can attend camp activities during the day but return to their families at night. Day Camp students take part in all the same classes, sports, workshops, excursions, etc. with residential students from about 9:15 am to 8:00 pm (or before), but they will stay with their families at night and on the weekends. Lunch and snacks are included. Transportation to and from the camp is optional.

Homestay Program
Students 14 years of age and up can choose to become part of a Spanish family with our homestay program. From 9:15 a.m. to 8:00 p.m. students participate in all camp activities — language lessons, workshops, sports and excursions— but they return home to their host family at dinnertime.
Camp activities

Our Activity Program is designed to ensure campers’ participation in as many age-appropriate sports, workshops and recreational pursuits as possible.
These are examples of cultural workshops at our summer camps. Please keep in mind that not all will be offered at every summer language camp, and likewise there may be new workshops scheduled that are not listed here.

MEDITERRANEAN DIET

Whole foods like cereals, lentils and nuts form an integral part of the Mediterranean diet. They are high in fibre, which aids your digestive system, and are far healthier, keeping you fuller for longer, than white bread and pasta. Nuts make a great mid-morning or afternoon snack, although they are high in calories so you shouldn’t really eat more than a handful a day. They also contain natural and essential oils that help your hair and nails to shine!

Aside from the warm sun, clear blue sea and soft sand, living on the Mediterranean coastline certainly has its advantages. All local food markets have fresh fish and seafood each morning lining their stalls, so there is no excuse for not consuming a healthy amount. Oily fish, such as sardines and anchovies, which are caught in abundance off the Spanish coast, contain omega-3 fatty acids and are low in calories. Omega-3 is excellent for your heart and brain, but bake, grill or cook your fish in olive oil, not butter!

SPECIAL DIETS

Our kitchens are equipped to prepare food for students with special dietary needs (vegetarian, allergies, etc). Simply notify us about special requirements upon enrollment and we will pass the information along to the camp directors and kitchen personnel.

Did you know? Our staff is trained to make sure every camper enjoys a healthy diet during their stay at our camps. We know that great food gives them the energy they need to have a great time every day!

Practical info

Uniform
We suggest that students purchase the camp uniform package in order to avoid concerns over what to pack, losing or damaging personal items, etc. The package includes 5 T-shirts, 1 sweatshirt, 2 pairs of shorts and a baseball cap. You should order the uniform at least 10 days before the student’s arrival; it will be delivered to the student during the first day of camp.

Permission to leave the grounds
Camp personnel and directors are aware that many of our senior campers enjoy a certain level of freedom at home and expect to be able to meet with friends and go off-campus in an unsupervised fashion. For this reason we allow our students a limited number of unescorted trips off-campus during each 2-week session. The specific days, frequency and times are determined by each camp director.

This is possible if and only if:
• The student was born in 2000 or earlier (for 2016) and 2001 (for 2017).
• The student submits a signed consent form from his/her parents.

*Marbella Alemán is the only camp where this option is not available.

Phones & E-mail
We know how important it is for you and your child to be able to keep in touch, so we’ve made it easy for campers to call home. Every student will receive an Enforex international calling card upon arrival that can be activated and charged with 5 € and up at the camp’s reception desk. Enforex phone cards can be used from any telephone, whether a land line on-campus or an off-campus phone while students are on an excursion.

Campers may also use their cellular phones to call home, but only during the designated hours set by each camp. Each facility has an emergency number in case you need to contact the camp director. We will send you this information one month before your child’s arrival. All 9 camps have computers with e-mail access.

Laundry
Our programs include laundry service once every two weeks. We ask that students bring a laundry bag and highly recommend marking your child’s full name on all personal articles.

Pocket Money
Upon arrival, students may deposit their money in the camp bank for safekeeping and withdraw money as needed. Each student’s group monitor will note deposits and withdrawals and keep an eye on the student’s spending habits, in order to help them budget their money. If you anticipate that your child will need additional money, it will be your responsibility to deliver said funds, because Enforex cannot receive or deliver money to students at our camp sites.

Medical assistance and insurance
Each camp has a health center and 24-hour first aid care on-site to ensure the health and well being of the students. If your child has any chronic medical concerns, allergies, special dietary needs or other requirements, simply notify us in writing, preferably at the time of registration. If your child plans to bring their own medicine to the camp, please send it with him/her, along with full instructions on its correct use.

Additionally, it may be advisable for the student to carry a medical report of their special needs from his/her doctor. All students in Spain are covered by a standard insurance for medical assistance, which is included in the price of the program. However if you would like a premium insurance policy, we advise you to purchase this in your own country.

c) The 50% deposit will not be returned for any cancellations made. For cancellations made 2 weeks prior to the arrival date, there will be a 35% fee deducted from the total program fee. If the course fee will be charged for cancellations made from 2 to 6 weeks prior to the arrival date, the program will be given 2 weeks before arrival or once the program has started. In no case whatsoever will Enforex accommodate the student in another program if the student doesn't show up, once the course has started, if the student is allowed to make changes for their own reasons, the parents or legal guardian or if they are expelled from the program.

d) All refunds will have an administration charge of 10% (a minimum of 45€). Refunds of less than 100€ will be paid by a check issued in Spain at no extra cost if the student is still in Spain. If the student is leaving Spain, the refund will be paid by the bank transfer and will include a minimum 35€ administration fee.

e) Refunds must be requested during the 30 days following the cancellation or the completion of the course. Once this period is complete, the student no longer has the right to request any refunds.

f) Enforex cannot be held responsible for cancellations due to Act of God, health or personal problems.

g) Cancellation for health reasons. If a VISA is issued is a minimum of 35% or 35% of the total cost.

USEFUL INFORMATION

Visa

Citizens of countries belonging to the European Union do not need a Visa to enter Spain. If a student wishes to enter Spain, the student will send an invitation letter, and charge the cost of the express mail to the student (Europe & USA: 45 e; East Europe: 75 e; rest of countries: 95 e).

If a student visa is rejected Enforex will charge the student 100 e per invitation letter sent, the 150 e deposit and any additional basic costs. The student must show Enforex formal proof (original or a copy) that an application has been rejected in order to receive the refund. If this copy is not received by Enforex, the student will lose the above mentioned refund.

Any refund from Enforex will have a 10% charge.

Alterations and incidents in the program

Enforex is committed to providing customers all the contracted services contained in the program with all the stipulated conditions, however, you should be aware of the following considerations:

a) In the event that, prior to the start of the program, Enforex is forced to significantly modify an essential element of the contract (including the right of Enforex to modify or substitute the center where the program is held) the customer, detailing the amendments and their impact on the program. The customer may choose to terminate the contract without charge or accept the modifications in the contract. Customers must notify Enforex of the decision taken at the earliest opportunity, and in any event, within 3 days of being notified of the modifications to the program. In the event that the customer does not notify us with a decision within 3 days it will be understood that the customer opts out of the program without penalty.

b) In the event that Enforex is forced to cancel one of its programs through no fault of the customer, or in the event that the customer chooses to terminate the contract due to the circumstances described in the previous point, Enforex will offer an alternative program to equal or superior quality or refund the customer the entire amount paid to Enforex for the program.

c) There shall be no obligation of any kind by Enforex when cancellation is due to forced or sufficient cause (this means circumstances that are beyond Enforex’s control and that are unavoidable, despite having acted with due diligence) or the cancellation was due to not having reached the minimum required number of people enrolled onto the program.

d) The differences and/or claims, according to the customer, arising during the program stage will be made known to the organization responsible for the program in order to provide a satisfactory solution with immediate effect. In the event that the solution proposed by the organization is not satisfactory, the customer can file a written complaint to Enforex within a period of 7 days. Once all relevant documentation has been obtained Enforex will make a decision within 14 days. If the customer is not satisfied, the complaint may be subject to the review of the relevant court under applicable law. This denounces any other form of conflict that may arise between the parties in regards to the interpretation, completion and execution of this contract, will be subject to the jurisdiction of the judges and courts of Spain, where these services are given.

AGREEMENT

Upon signing the registration form or paying the program fees, the student accepts all the conditions described above. This agreement replaces the previously existing one and is valid from January 1st 2016 until December 31st 2017 for all programs taken place between these two dates. Enforex is not responsible for typographical errors and/or misprints contained in this brochure. Any dispute relating to the programs will be resolved by the courts under applicable law. This renounces any other form of dispute resolution (administrative bodies, arbitration, etc.) For any conflict that may arise between the parties in regards to the interpretation, completion and execution of this contract, will be subject to the jurisdiction of the judges and courts of Spain, where these services are given.

CIVIL LIABILITY

Enforex has an accident and civil liability insurance policy that covers minor accidents that may occur within its centers. In the event during the program the customer needs medical treatment, and/or needs to be hospitalized and/or undergo surgery without Enforex being able to trace the policy, the medical expenses will be the responsibility of the customer. If any authorized to take action it deems fit for the customers health in accordance with the medical centre attended renouncing any liability on Enforex’s part. The participant must disclose any information regarding any medical treatment and/or medication taken during their stay in the program. Enforex disclaims any liability for the customers failure to disclose any such medical information, moreover, all participants must attach a photocopy of their health insurance to the application forms.

AIRPORT PICK-UP SERVICES

The personal in charge of airport pick-up and transportation to and from the airport, or hotels will be waiting for you on arrival, and know exactly where the students are to be dropped off. Any information (place, date, hour and flight number) must be confirmed in writing at least one week prior to arrival. Otherwise, Enforex will not be held responsible for picking up the student at the airport and there will be no refund.

In the event of any delay or changes in flight information without previous notification, Enforex will not be held responsible for the delay and/or for the use of the aforementioned services. At the same time, you have the right to request that we inform you of your rights to access, rectification or deletion of the personal information set in the established terms of the prevailing legislation, by writing to Enforex:

C/ Gustavo Fernández Balbina, 11 - 28020 Madrid (Spain).

USING THE CUSTOMERS IMAGE

However, should at any time the customer does not want their image to be used, we refer it can be revoked by the customer at any time, but will have to be compensated for any damages caused to Enforex.

CONFLICT RESOLUTION AND JURISDICTION

Any dispute relating to the programs will be resolved by the courts under applicable law. This renounces any other form of dispute resolution (administrative bodies, arbitration, etc.) For any conflict that may arise between the parties in regards to the interpretation, completion and execution of this contract, will be subject to the jurisdiction of the judges and courts of Spain, where these services are given.
